

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

The use of cell phones on airplanes would be a complete nightmare. It is bad enough that when I go out to eat I have to listen to everyone talk on there cell phones, but now I might have to on a cross country flight!! It could turn into a full cabin of people on there Nextel phones so I can hear both sides of the conversation. And you think road rage is bad. How about cell phone rage.

Please leave the current rules in effect.

Sincerely,

Jim Charbonneau
